My name is Carlos Henrique Mello, and I'll tell you how I became dependent on gambling. My experience began in 2024, and it has been a terrible road filled with many defeats. Despite my loss, it has been a life-changing experience that taught me much about fear, greed, and desire. My story will highlight my personal experience and lessons gained through gambling. My ultimate goal is to convey to you, dear reader, the truth about gambling addiction and the lessons I've learned along the road. I want everyone to learn from my experiences and benefit from them.

Background:

In 2024, I started playing slots and gambling for fun, but I quickly became addicted since I kept

hoping that the following large gain would compensate for all my losses. Looking back, I recognize that state of mind to be false logic. Was that my first mistake? Possible. I began by playing for free, advancing to actual money, and finally placing higher and higher wagers. Specific case details:

My nightmares began when I downloaded an app with free casino games in June 2024. With just one click, I could access endless options for no money. I continued to use this program for an entire month without bothering to register. I soon began playing that Big Ben game, of which I had accrued millions of tokens without ever spending a dime. Then a popup stated I had earned enough "diamonds" to convert R\$50. Cool! Five clicks later, I held R\$95 in my PayPal account. After a string of triumphs in free games, I was ready to play real money. And so, on August 3, 2024, I received an enormous disbursement of approximately RS R\$ 25500. Deposit to prepare? R\$ 429.60! Then it dropped. Money didn't guarantee victories; I realized that the next day. I replenished my casino funds to approximately 80 - 120 RS and even more. My mother passed away lastly on December 12 from a heart attack, prompting an emergency number to save her after two failures to do so. Because of my carelessness, I can never undo the damage I did until her last moment. On December 16, 2024, I finally defeated the bonus without doubling a single penny! Along with calling everyone crazy in my house, I started jumping right where I dropped my 5th relapse. 49,787.27! Nothing kept me playing more than the four wild lines with five scatters, because you wanted to believe the Big Ben code. Oh man! There was no opportunity to reinvent you because we now have an "investor fables casi during holidays," whose only purpose appeared to be playing your favorite vests by choice. There was no reversing the strategy because.
